

BHUTAN TRADE STATISTICS FOR THE YEAR 2008

March 2009

DEPARTMENT OF REVENUE & CUSTOMS

Ministry of Finance

Royal Government of Bhutan

FOREWORD

The department is pleased to present the compilation of Bhutan Merchandise Trade record for the year 2008. I am happy to inform that we have been able to incorporate six additional reports which may be more informative to the users.

As compared to 2007, the overall import (with Trade in Electricity) for the Year 2008 has recorded an increase of 8.05%, while the export has declined by 18.9%. However, the overall import for the year 2008 (without Trade in Electricity) has increased by 8.08%, while the export has decreased by 35.16%.

The above figures have been compiled based on eight digit Tariff lines of Bhutan Trade Classification (BTC), Customs Tariff and Sales Tax Schedule 2007. The automation of Customs clearance through the Bhutan Automated Customs System (BACS) has enabled the Department to publish the Bhutan Trade Statistics on time.

The Department would like to take this opportunity to express our sincere gratitude to all the traders, individuals and Customs Clearing Agents for their co-operation in complying with the requirements at the check posts.

I sincerely would like to thank all the staff of Check Posts, Regional Offices, Information Section (BACS), Public Information Service Division and Trade Information Section (TIS), for their team work and cooperation in bringing out this publication successfully.

We look forward for your valuable comments and suggestions for further improvement of this publication.
