FOREWORD

The Department of Revenue and Customs, Ministry of Finance is pleased to publish Bhutan Trade Statistics for the year 2013. This book records all the goods traded with other countries including trade in electricity for the year 2013. It also provides Bhutan's balance of trade position during the year.

All the traded goods are recorded based on the nomenclature and harmonized coding system prescribed in the Bhutan Trade Classification Book 2012 and the Convention on Harmonized System of World Customs Organization.

This publication provides useful information on trade statistics covering imports and exports of goods in various parameters such as commodity & country, country & commodity, and harmonized system code wise import and export.

The department would like to avail this opportunity to acknowledge all the officials of the department and concerned stakeholders, who were directly or indirectly, involved in recording, compilation and publication of this trade statistics.

We hope that this official publication would serve as the vital source of information on trade in goods to all the users and the stakeholders.
