APRIL 2011

DEPARTMENT OF REVENUE & CUSTOMS

Ministry of Finance
Royal Government of Bhutan

Foreword

It gives me immense pleasure to present the Bhutan Merchandise Trade Statistics for the year 2010. The Merchandise Trade Statistics puts on record goods traded between Bhutan and the many countries around the world.

This Trade Statistics is a vital source of information on Bhutan's imports, exports, and including trade in hydropower. The statistics provide vital information to a cross-section of users in both public and private sectors.

The Merchandise Trade Statistics has been compiled based on eight digit Tariff lines of Bhutan Trade Classifications, Customs Tariff, and Sales Tax Schedule 2007. And this publication provides ample of room to examine export and import volumes from individual countries by commodities.

The Department of Revenue and Customs would like to gratefully acknowledge the valuable assistance and cooperation received from all taxpayers, individuals, customs clearing agents, and the department's employees engaged in compiling this important annual publication.

In as much as the department shall continue to provide accurate and high quality statistics within the realm of available resources, we also look forward to your valuable comments and feedback to improve this publication further.
