FOREWORD

The Department of Revenue & Customs, Ministry of Finance is pleased to publish Bhutan Trade Statistics (BTS) for the year 2017. This statistical year book records all the goods traded with other countries including trade in electricity for the year 2017. It also provides Bhutan's balance of trade position during the year.

All the traded goods are recorded based on the nomenclature and harmonized coding system prescribed in the Bhutan Trade Classification (BTC), 2017 and the Convention on Harmonized System of World Customs Organization.

Beginning July 2014, trade data compilation has been carried out on a quarterly basis to ensure proper validation of data in all the regional offices and publish the provisional data online for the benefit of the users. While this office strives to provide accurate and quality trade statistics, we also look forward to your valuable comments and suggestions for improvement on such future publication.

The Department would like to acknowledge the effort of all the officials of the department who were responsible for publication of this trade statistics.

We hope that this publication would serve as a vital source of information on trade in goods to all the users. This official publication is also available on Ministry of Finance and department website at www.mof.gov.bt/www.drc.gov.bt
