DTA/PMSD-e-PEMS/2022-2023/ 660

December 9, 2022

NOTIFICATION

The implementation of e-PEMS from July 2019 has brought a paradigm shift in the payment settlement processes of the Budgetary Bodies. It has immensely benefited the beneficiaries such as suppliers, contractors, utility services providers, POL/Fuel supplier, employees, individuals and organization receiving payments from the Government.

The main basis for reconciliation of payments by beneficiaries is the bank statement from the bank. However, all the required information is not available in the bank statement and beneficiaries face challenges in reconciliation of their accounts. They are not able to identify source and other details of payments received from e-PEMS. As such beneficiaries are required to frequently consult BoBL and Budgetary Bodies for obtaining payment details.

In order to address these issues, the Department of Treasury and Accounts (DTA), MoF has developed Government Payment Information System (GPIS), a portal that will provide payment details to the beneficiaries. The GPIS shall be used by all the beneficiaries receiving payments through e-PEMS. The GPIS can be accessed through the link <https://gpis.myrbpems.bt> and a user manual is made available in the login page.

In view of the above, Budgetary Bodies are directed to disseminate the information to the beneficiaries and also to provide necessary guidance in usage of the system.

(Leki Wangmo)

Acting Finance Secretary

Copy to:

1. Chief Executive Officer, BoBL Thimphu for kind information.
2. Director, Department of Treasury and Accounts, MoF for necessary action.
