DEPARTMENT OF REVENUE & CUSTOMS

Mission

To ensure that the tax and customs administration has the capacity to collect taxes efficiently and effectively at minimum cost through impartial and consistent enforcement of the regulations, and to provide a convenient and honest service to the taxpayers.

Vision

Contribute to nation building through the development of an effective revenue system.

MESSAGE FROM THE DIRECTOR GENERAL

am pleased to present the annual National Revenue Report of the Department of Revenue & Customs for the year ended 30th June 2019 (FY 2018-2019). This report presents an overview of the performance of tax and non-tax revenue.

Net revenue collection for the fiscal year was Nu 34,707.670 million. As compared to the previous year it reduced by 5.9 percent. The slowdown of the economic growth from 4.7 percent in 2017 to 3 percent in 2018, institutionalization of the Fiscal Incentive Act 2017 and lower Excise Duty collection had an impact on tax collections.

During the year, domestic revenue financed 100 percent of the current expenditure and 43 percent of the capital expenditure. Total revenue as a percent of GDP was 19 percent and tax revenue was 14.8 percent.

While no new tax measures were initiated during the year, the department focused on trade facilitation, information sharing with taxpayers and improving tax assessments.

Efforts were made to reduce non-tariff barriers through annual border level meeting and bilateral meetings with the customs counterpart in India and Bangladesh to smoothen procedures and create an enabling environment for trade.

Taxpayer Information Center was set up in January 2019 to provide efficient and effective taxpayer service.

Within six months of its establishment it responded to 20,612 phone calls and 3585 emails.

Better intelligence/information sharing from the relevant agencies and coordination through the Revenue Intelligence Division has helped the Department to curb the leakages of revenue through more focused assessment.

As this report underscores, the department commits to continuously contribute to nation building process through enhanced and fairer revenue mobilization and wider governance while maintaining the taxpayer's confidence in the system.

The department's achievements in 2018-19 were only possible due to significant support from Taxpayers, Revenue Collecting Agencies and Regional Offices and guidance from the Ministry of Finance. Therefore, I wish to acknowledge and express sincere appreciation for their contribution.

Together we can usher towards achieving the national goal of self-reliance.

Director General

CONTRIBUTION OF TAXES TO TOTAL REVENUE (IN PERCENT)

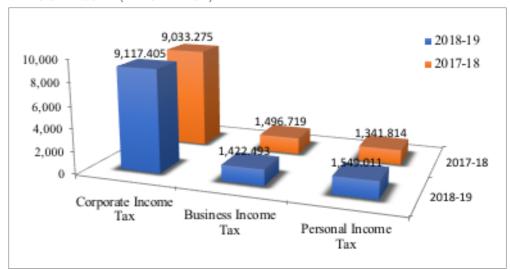

1.1.1 Corporate Income Tax

Total corporate income tax reflected nominal increase of 0.9 percent with a collection of Nu.9,117.405 million. The sluggish growth in CIT was due to the following;

So far three companies have claimed rebate of 36.143 million.
- Due to increase in their direct expense CIT of Druk Air Corporation Ltd. decreased from Nu. 162.778 million in 2017-18 to Nu. 78.798 million in 2018-19.
- In FY 2017-18 additional taxes were collected from DGPC and DHI after field assessment for previous year which inflated the total CIT.
- Similarly, the CIT from SD Eastern Bhutan Coal Company decreased from Nu.106.502 million to Nu. 104.695 million even though the sales and price of coal increased during the year, however higher cost of extracting coals lowered earnings and lead to lower CIT.
