## FORWARD

The Department of Revenue and Customs (DRC), is pleased to publish Bhutan Trade Statistics (BTS) for the year 2023. BTS is an important annual publication of the Department and it bears detailed information on merchandise export and import for the year 2023 including the trade in electricity. It also provides Bhutan's balance of trade position during the year.

It is the only publication in the country compiled by DRC where trade data both in value and quantity are presented at eight-digit level code following the nomenclature and harmonized coding system prescribed in the Bhutan Trade Classification and Tariff Schedule 2022 and the convention on Harmonized system of World Customs Organization. Beginning from July 2014, in order to ensure proper and precise validation of the data in all the regional offices, trade data compilation is being carried out on a quarterly basis and provisional trade statistics is published online for the benefit of the users. While, DRC strives to provide accurate and quality trade statistics, we also look forward to your valuable comments and suggestions for improvement on such future publication.

The Department is also pleased to announce that the Department has successfully rolled out electronic Customs Management System (eCMS) which is an online Customs System and is expected to further facilitate trade in the country and also provide a real time trade information to all the users.

The Department would like to acknowledge the efforts of all the officials involved in preparing and publication of this trade statistics. We hope that this publication would serve as a vital source of information on country's trade in goods to all the users. This official publication is available on Ministry of Finance and Department of Revenue and Customs website at [www.mof.gov.bt](http://www.mof.gov.bt) / [www.drc.gov.bt](http://www.drc.gov.bt)
